Medical:

Emergency Rooms: Mercy Hospital, Johns Hopkins, University of Maryland (to name but a few)
Non-emergency: urgent care facilities such as Express Care, Patient First, etc.

Restroom and Water Stops:

With a large group, plan rest stops accordingly as private businesses such as restaurants may turn away non-customers.
Large downtown facilities are likely to have water fountains, restrooms, and benches (indoor or out) with great vistas.

Area Maps:

The original Baltimore Historic trail maps are reproduced in the Leaders Guide; note these are over 50 years old.
New trail maps produced by Baltimore artist Tom Chalkley in 2011.
So many automated map options exist today none are listed. Keep your head up on the trail and out of any screens.
