## Unit Account Restriction Form

This form is required for use by units of the Baltimore Area Council who desire to restrict access to their Council unit account to specific individuals for the purpose of preventing unauthorized use.

A unit account is a debit account into which units (packs, troops, posts, crews, etc.) may make deposits and then withdraw funds to cover purchases, camping fees, registrations, etc. An account that is restricted may not be used by anyone other than the people specified by the unit.

The Baltimore Area Council reserves the right to remove funds for the purposes of covering registration or camping fees, returned checks, or other debts incurred by the unit with the council, as deemed necessary. Similarly, any overpayment will be automatically deposited into the unit account.
